WILL POOL WOOL CLIP OF COUNTY

SHEEP RAISERS AT FARM BUREAU MEETINGS FAVOR SELLING.

SHOW MARKET GRADES

D. A. Spencer Demonstrates Best Way to Handle Some of the Sheep Raiser's Problems.

About eighty farmers attended the meetings for sheep raisers held by the Farm Bureau May 4 and 5 at the farms of R. M. Evans west of Arkoe, Bert Rimel, east of Guilford, C. L. Thompson, Ravenwood and Meyer Bros., northwest of Parnell. D. A. Spencer, sheep specialist of the Agricultural Extension Service, Columbia, Mo., illustrated a discussion of market classes and grades of wool with samples of wool of the different grades. Demonstrations were given of the use of successful remedies for controlling parasites of sheep and of other practices advocated to increase the profits of the sheep raisers.

The opinion of farmers attending these meetings was unanimously in favor of pooling the wool clip this year and definite steps were taken to pool the wool in the central part of the county at Maryville. R. M. Evans, Maryville; D. R. Palmer, Maryville, and C. R. Harmon, Pickering, were elected as a committee to have charge of the wool pool at Maryville. Thirteen men at once agreed to deliver over 800 fleeces to this pool and others had already expressed their interest in the matter. So it is thought that a carload or more can easily be assembled at Maryville.

It is planned to have the wool assembled on a given day to be graded accurately by a competent wool grader and sold on grade to the highest bidder. An expert grader can probably be furnished by the U. S. Bureau of Markets thru the State Farm Bureau Federation. Farmers in other counties also are arranging to market their wool in the same manner; and by having the sales in the different counties on schedule so that there will be no conflicting dates, buyers from the central markets as well as local buyers, can attend a large number of local sales.

Farmers around Guilford, Conception Junction, Ravenwood and Sheridan are planning to pool their wool in about the same way at those points. The directors of the different pools in the county will probably cooperate in the arrangement of sale schedule and things of common interest.

Nodaway County has over thirteen thousand sheep and should furnish about one hundred thousand pounds of wool.

M. H. S. RELAY TEAM WINS THIRD AT STATE MEET

Finishes One-Fifth Second Behind Marceline and Trenton Who Tie for First Place.

The Maryville High School relay team won third place in the half-mile relay race at the state field meet at Columbia Saturday afternoon. The race was virtually a dead heat, Marceline and Trenton tying for first place with a record of 38 2-5 seconds and Maryville finishing in 38 3-5 seconds. Harrisonville finished fourth, with a 1 minute and 40 seconds time.

The Kansas City Manual High School won the meet with 36½ points; Central High School, Kansas City, second, with 28½ points and Westport High School, Kansas City, third with 25½ points.

Thirty-three Missouri high schools were in the meet with three hundred athletes on the field.

$2600 TOP SHORTHORN PRICE AT BARBER SALE

F. C. Barber & Sons of Skidmore Hold Big Sale of High Bred Cattle Friday.

F. C. Barber & Sons, well known breeders of Skidmore, Mo., held a very successful sale of popularly bred Shorthorn cattle yesterday, according to George W. Karns, Stock Yards Journal fieldman, who attended the auction. The event attracted a good attendance of buyers from a wide territory and under strong competition the offerings sold at attractive prices, consistent with the quality that Barber & Sons have built into their herd. The top sale was at $2600 on the cow, Orange Blossom A 2nd 575084, which sold to an Iowa breeder. The top bull, Bapton Villager 758880, a prize winner at the Iowa and Missouri state fairs in 1919, brought $2300, going to Iowa. The offering of 54 head found distribution to a number of states and 1 bull sold to go to Alberta, Canada, at $1350. H. L. Burgess of Chelsea, Okla., was one of the largest individual buyers at the sale, taking 21 head of bulls and females. —St. Joseph Stock Yards Journal.

REVOLUTION IN FULL CONTROL IN MEXICO

MAY BRING RETURN OF PEACE AND PROSPERITY.

ALL AID TO AMERICANS

Destroyer Flotilla Ordered Under Full Speed to Mexico—Corps of Marines Enroute.

Washington, May 10.—With the fall of Mexico City to the rebels the flight of Carranza has been officially confirmed by advices from the American embassey to the State Department. Secretary Daniels today took vigorous steps to safeguard American lives and property endangered by the revolution. The destroyer flotilla at Key West has been ordered to proceed under all speed to Tampico and Vera Cruz. The transport Henderson under orders to proceed from Philadelphia to Key West with twelve hundred marines aboard, will pause at the Florida port only long enough to take sufficient fuel to continue the trip to Mexican ports. The cruiser, Sacremento, is already at Tampico. Despite assurances given by revolutionary leaders that foreigners and property would be protected, officials here are concerned over the reports of the massacre of fifteen Mexican generals in the Mexico City prison, and pointed out that loss of American lives invariably has accompanied Mexican revolutions in the past. Advices today from Tampico, and Vera Cruz, both in the rebeys' hands, reported no disorder thus far taken place. arranza has been captured, according to two unconfirmed reports to the agency of the Sonora revolution here. The report is discredited, however, by the agency.

The state department today had no confirmation of press reports from the border that the American embassy in Mexico City has ordered all Americans to leave. The department reports indicate there have been no disorders in Mexico City in connection with the occupation by the rebels.

El Paso, May 10.—Poor, war torn, almost starving Mexico is at the dawn of a new day.

A new de facto government rules from the castle of Chapultepec, and complete success of the Sonora revolution seems assured. And with it there is at least a promise of peace and prosperity for the southern republic, rich in resources, but poverty stricken from the blight of internecine strife.

Alvaro Obregon, hero of the latest revolution, is in complete control of the City of Mexico.

Even more remarkable evidence of the complete success of the revolution was the announcement at Jaurez that Francisco Villa, the "Pancho" of the Columbus raid and bandit leader since the days of Porfirio Diaz, has laid down his arms and turned his force of men over to Gen. Ignacio Enriquez, revolutionary commander of the Chihauhau City district. The announcement was made by Gen. J. Gonzalo Escobar, the revolutionist leader at Jaurez.

Villa is through, his days as a bandit leader are ended, it was said. He will not be given a military command under the new regime and it was believed here that the canny revolutionist leaders have made arrangements whereby Villa will retire from Mexican politics and affairs—perhaps on a "pension."

CITY OFFICERS ON WAR PATH FOR SPEEDING AUTOISTS

Two Arrests Made Since Saturday—Wallace and Wilcox Each Fined $5.00.

CHRISTIAN CHURCH RAISES PASTOR'S SALARY TO $3000

The official board of the First Christian church have made an increase in the salary of the pastor, Rev. R. E. Snodgrass, to $3,000 yearly, beginning May 1. The occupancy of the church parsonage at 322 West First street and a month's vacation each year are also given the pastor of this church. The former salary of Mr. Snodgrass was $2,100 per year. The board voted to give this raise to Mr. Snodgrass at their business meeting May 1, and it was ratified by the church body at the services yesterday.

YOUNG MAN AT ELMO DIES SUDDENLY FROM DIABETES

Charles Costillo Succumbs to Illness Sunday—No Funeral Arrangements Made.

Charles Costillo, son of Mr. and Mrs. Amos Costillo of Elmo, died at 6 o'clock last night at the family home. His death was caused by diabetes, and while he had been ailing in health for some time, his condition did not become critical until Saturday. He was between thirty and thirty-five years of age.

Besides his parents, Mr. Costillo is survived by five brothers and sisters, Elmer and Floyd Castillo of near Elmo, Samuel Castillo of San Francisco, Calif., and Letha and Elfrieda Castillo at home.

Funeral arrangements have not been made.

DENOUNCES THE PRESIDENT'S LETTER TO THE DEMOCRATS

W. H. Taft Says It Is the "Most Destructive Letter"—President Wanting Party to Accept League.

Chicago, May 10.—Denunciation of the President's appeal to the Democratic party to back the League of Nations covenant just as brought from Versailles as the "most destructive letter" was the basis of statement by William H. Taft on his arrival here today.

"I am a strong advocate of the League," Taft said, "but why destroy the whole instrument because I can't get everything I want. The President is playing the part of a great obstructionist by taking the stand he has."

President Wilson, in a telegram to a Democratic committee in Oregon, says that the party should proclaim itself at once the "champion of the nation's honor and the advocate of everything that the United States can do in the service of humanity." It should indorse the covenant, he declared, and "condemn the Lodge reservations as utterly inconsistent with the nation's honor."

The President advises the party to turn a deaf ear to considerations of expediency and come out strongly for applying "moral and Christian principles to the problems of the world." He says the League of Nations is "the hope of the world," the object the United States fought to attain, and says we shall be unworthy unless we redeem our promise made on entering the war.

The United States, said the President, "can not afford to sink into the place that nations have usually occupied and become merely one of those who scramble and look about for selfish advantages."

The President calls on the Democratic party to measure up to "a great opportunity," and asserts that "the honor of he nation is in its hands."

ST. LOUIS EXPERT TO ADDRESS C. OF C.

DR. H. R. McKEEN WILL SPEAK AT MEETING TONIGHT.

GREATER MO. CAMPAIGN

Is One of Four Community Experts Sent by St. Louis C. of C. in Prosperity Campaign.

Dr. Harry R. McKeen of St. Louis, a representative of the St. Louis Chamber of Commerce, will meet with and address the Maryville Chamber of Commerce at the weekly luncheon held tonight at 6:30 o'clock at the Bainum Hotel. Dr. McKeen spoke this afternoon to the students of the high school.

Dr. McKeen is one of four community experts sent out by the St. Louis Chamber of Commerce on an overstate tour in the interest of a greater Missouri. The St. Louis Chamber of Commerce has appropriated $75,000 annually for this campaign.

The purpose of this campaign is to develop better relations between the agricultural groups and the business groups of the communities with the aim of bringing about better industrial conditions, better homes, schools and better interest in every way.

Only through better conditions, better markets and better schools in the farming sections and villages can this greater prosperity for the state be brought about and this is to be the theme of Dr. McKeen's lecture to the Maryville organization tonight.

The St. Louis organization is putting on this campaign through the belief that only through the right standard of prices for the agricultural products of the country could form a basis of wages and through these means and through the cooperation of farmer and merchant could the growth and prosperity of Missouri be assured.

Dr. McKeen has been spending the past ten days in the Northwest Missouri counties.

MISSOURI'S FIRST HOLSTEIN CONSIGNMENT SALE ON MAY 25

Missouri is stepping forward in rank as a Holstein state. One of the best evidences of this, according to A. C. Ragdale, of the University of Missouri College of Agriculture, is the fact that difinite steps have been taken by the Missouri Holstein Breeders' Association to put a field man at work in this state, who will devote his entire time to the interests of this breed. They have a man on the job now getting the necessary memberships and completing arrangements for the first Holstein consignment sale ever put on by an organization of Holstein breeders in Missouri. At Sedalia, on May 25 they will sell one hundred head of purebred cattle, representing some of the best breeding of many of the best Holstein herds in the State. On the night of May 24 before the sale they are to have a big banquet with plenty of Holstein enthusiasm. These methods have made Minnesota, Iowa, and Wisconsin famous and they will help pushing Missouri to the front. C. Long, President of the State Association and manager of the sale, expe arrangements for a permanent man to be completed by the time of sale and a live man on the job by J. I. The Food Supply of the Future

AUTHORITIES agree that the food supply of the future depends upon the increased use of mechanical power on the farm. The tractor, motor truck, stationary gas engine, and the automobile, all dependent upon cheap, efficient motor fuel, have multiplied the efficiency of human labor, thereby increasing the acreage a man can handle.

In 1919 farmers owned 3,900,465 of the 7,523,664 automotive vehicles registered in the United States. These figures give a fair idea of the use being made of motor vehicles in producing and distributing food products.

There is no more prolific food producing area in the world than the territory served by the Standard Oil Company (Indiana).

To serve the farmers of the Middle West is a major part of the Standard Oil Company's business. For that reason the dark, green tank wagon of the Standard Oil Company (Indiana) is recognized by the farmer as serving an indispensable need in promoting the increase of food products.

Thousands of these tank wagons travel continuously, on schedule, throughout the 11 states of the Middle West, served by this Company.

During the busy season, when the farmer needs power most, this Company delivers gasoline even to the tractors in the field. Rain or shine, these wagons are on duty to help make certain that the nation's food supply shall be planted, harvested, and delivered on time.

To enable the farmer of modest means to utilize automotive machinery in cultivating an increased acreage at a lower cost per acre, the Standard Oil Company (Indiana) strives constantly to keep down the price of gasoline by increasingly efficient refining methods, and to expand and perfect its comprehensive system of distribution.

TOO WEAK TO DO ANYTHING

A Serious Feminine Illness Remedied By Lydia E. Pinkham's Vegetable Compound.

Casco, Wis.—"After the birth of each of my children I had displacement and was so weak I couldn't do anything I found a book about Lydia E. Pinkham's Vegetable Compound so thought I would try it, and after taking it I soon felt better. That was fifteen years ago and I have felt well ever since except that I had a slight attack of the trouble some time ago and took some more of your Compound and was soon all right again. I always recommend your medicine and you may publish my testimonial for the benefit of other women."—Mrs. JULES BERO, Jr., R. 1, Box 99, Casco, Wis.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-kpown physician in Ohio, perfected a vegetable compound mixed wi olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

Perfect Health is Yours If the Blood is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 112 Swift Laboratory, Atlanta, Ga.

Announcement

I have had several people come to me lately and ask if we had sold out our business and so far have been unable to learn how or where such information started. But despite this rumor, I want to say that we HAVE NOT SOLD OUR BUSINESS. I would be foolish to do so after working for eighteen years to put our business on a solid basis and to cultivate the good will that we now enjoy among the people of Nodaway County. I appreciate the patronage and pleasant relations of the people of Maryville and Nodaway County too much to leave our business and this community. My intentions is to stay here as long as I live. We will endeavor to give to our customers the same service and courteous treatment as in the past and assure you that we appreciate the confidence you have placed with us in our way of doing business.
